

# Tyers Primary School – Child Safety, Code of Conduct

## Purpose of this Code of Conduct

Tyers Primary School is committed to the safety and wellbeing of children and young people. Our school community recognises the importance of, and a responsibility for, ensuring our school is a safe, supportive and enriching environment which respects and fosters the dignity and self-esteem of children and young people, and enables them to thrive in their learning and development.

This Code of Conduct aims to protect children and reduce any opportunities for child abuse or harm to occur. It also assists in understanding how to avoid or better manage risky behaviours and situations. It is intended to complement child protection legislation, Department policy, school policies and procedures and professional standards, codes or ethics as these apply to staff and other personnel. This Code of Conduct should be read in conjunction with the Tyers Primary School, Statement of Values as delineated in Appendix 1 of the Tyers Primary School Student Wellbeing and Engagement Policy.

The Principal and school leaders of Tyers Primary School will support implementation and monitoring of the Code of Conduct, and will plan, implement and monitor arrangements to provide inclusive, safe and orderly schools and other learning environments. The Principal and school leaders of Tyers Primary School will also provide information and support to enable the Code of Conduct to operate effectively.

It is crucial that child safety is part of the everyday thinking and practice of all within the school and wider community. A Child Safety Officer will be designated to provide authoritative advice to all staff, raise awareness about child safety at Tyers Primary School including ensuring the school's relevant policies are known and used appropriately and undertake training to ensure relevant skills and knowledge are current. At Tyers Primary School the Principal is the Child Safety Officer.

All staff, contractors, volunteers and any other member of the school community involved in child-related work are required to comply with the Code of Conduct by observing expectations for appropriate behaviour below. The Code of Conduct applies in all school situations, including school camps and in the use of digital technology and social media.

The policy says the school should get consent before taking and publishing photos of a student. This applies every time a photo is taken. The same policy applies for excursions and school activities.

<sup>2</sup> SPAG: <http://www.education.vic.gov.au/school/principals/spag/safety/pages/alcohol.aspx>. The policy says the school must obtain school council approval before alcohol can be consumed on school grounds or at a school activity. The policy says staff members should not consume alcohol during camps and excursions. It is silent on whether they can consume alcohol at other school events where students are present, this is a matter that the school needs to decide upon.
